

BC CREDIT UNION DISTINGUISHED SERVICE AWARDS

PURPOSE:

The Distinguished Service Awards recognize outstanding service to the BC credit union system. The awards are not limited to credit union directors and employees, nor limited to those that have had a long career in the BC credit union system but include all persons who have made excellent contributions to the system and the co-operative movement.

CRITERIA:

The criteria for awards may include service at the regional, provincial, national or international level. The award recipient should have an exceptional background and practical experience in the development and operation of credit unions, demonstrated leadership in the philosophy of “people helping people”, awareness of the role of credit unions as co-operatively developed socio-economic institutions, and the ability and willingness to speak forthrightly on credit union challenges and opportunities.

PROCESS:

Awards are made every two years. Nominations are accepted up to February 28th of the year of the awards ceremony. A link to the nomination form can be found [here](#).

Award recipients will be selected by the Governance and Nominating Committee of the Credit Union Foundation of BC (CUFBC), along with one representative from Central 1's Board of Directors.

The awards ceremony will typically take place in Spring around the time of the CUFBC Annual General Meeting. Notice in advance of the ceremony will be provided to the nominee, the nominator and to Central 1 Credit Union.
